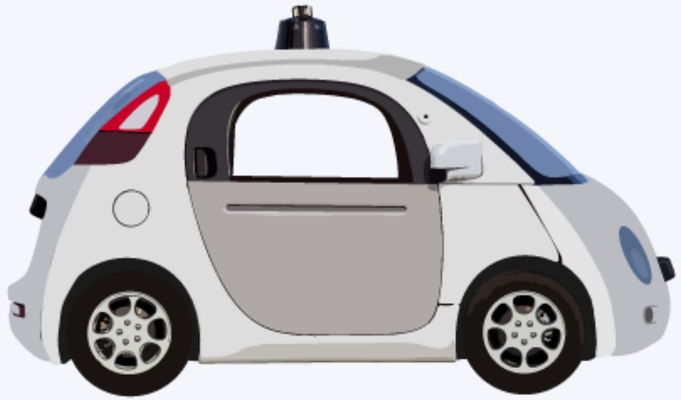
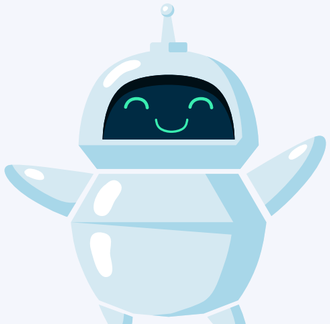
google-self driving car

The project was formerly led by Sebastian Thrun, former director of the Stanford Artificial Intelligence Laboratory and co-inventor of Google Street View



robotic : sophia

She is the world’s first robot citizen and the first robot Innovation Ambassador for the United Nations Development Programme. Sophia is now a household name, with appearances on the Tonight Show and Good Morning Britain

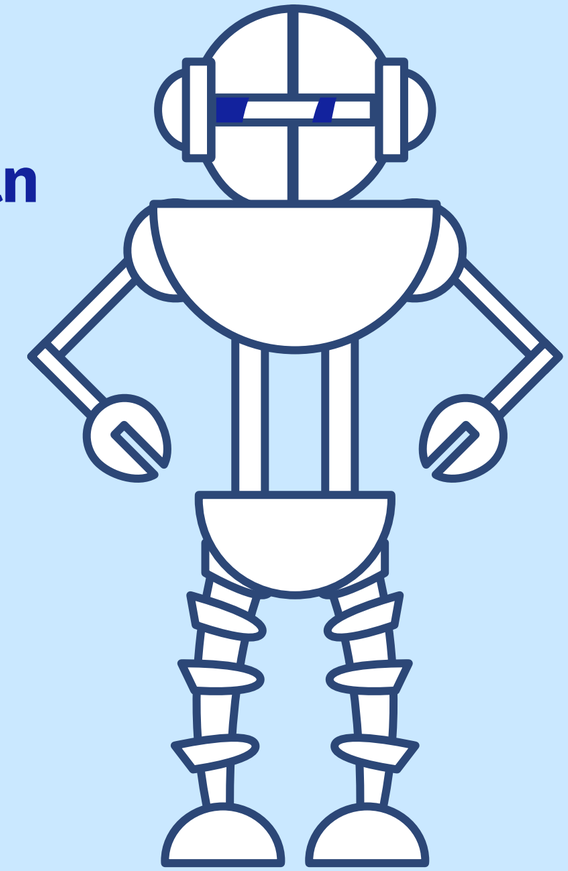


sophia interview

Advantages

Reduction in Human Error:

Faster Decisions



Available 24x7

Takes risks instead of Humans:

Disadvantages

High Costs of Creation:

Machines need repairing and maintenance that cost to much . It’ s creation requires huge costs as they are very complex machines.

Making Humans Lazy:

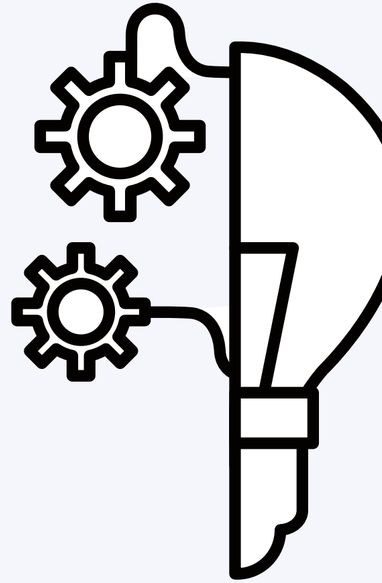
AI is making humans lazy with its applications automating the majority of the work. Humans tend to get addicted to these inventions which can cause a problem to future generations..

destroy human civilization if it goes into the wrong hands

Elon musk

“The danger of AI is much greater than the danger of nuclear warheads by a lot...Mark my words. AI is far more dangerous than nukes.”
Elon Musk, SXSW Conference, 2018

Sophia :



"it's a good beginning to dominate the human race "

Thank you
